## **June Monthly Meeting**

By: Brooklyn Walters, Johnson County 4-H Dog Club Reporter

The dog club had our monthly meeting at The Barn in DeSoto. Our activity after our

meeting was to make banners with our dog's names on them. We will hang these up at the Johnson County fair to decorate our stalls. This was a really fun craft and it will look very nice and colorful with everyone's banners hanging up together!

## **Oxford Hustlers Celebrate Graduating Seniors**

By Victoria Olberding, Oxford Hustlers 4-H Club Reporter

At their May club meeting, the Oxford Hustlers 4-H Club celebrated the graduation of two of our club members, Brie and Maddison! Brie has been a member of our club for the past 12 years. Some of her favorite projects have been Shooting Sports, Clothing, Foods, Wildlife, and Ceramics. Her favorite 4-H memories are winning Grand Champion in Clothing Construction at the Kansas State Fair and making sushi for a Foods fair entry. Maddison has been a member of our club for the past 11 years. Her favorite 4-H project has been

Foods and Nutrition, as she enjoys baking. Her favorite item to make has been different types of yeast bread. Some of her other projects have included Civic Engagement, Leadership, Visual Arts, and Woodworking. They have both held numerous officer positions, including President, been members of County Council, served on and led several club committees, served on county committees, and served as Johnson County 4-H Ambassadors. Brie graduated from Shawnee Mission East and plans to attend the University of Nebraska-Kearney, where she will be swimming and studying Exercise Science. Maddie graduated from Olathe East and plans on attending Johnson County Community College, where she will study Interior Design. Thank you both for all of your contributions to our club! You will be missed!

## **Great Plains 4-H Club Goes to the Zoo!**

By Iris Friedline, Great Plains 4-H Club Reporter

On June 12th, the Great Plains 4-H club took a walk on the wild side—literally! For their June meeting, they met up at the Kansas City Zoo for a wild, fun afternoon filled with sunshine, animals, and yummy popsicles. Instead of their usual meeting spot, they traded their usual meeting spot, they traded their chairs for cheetahs and held their meeting right outside the zoo. Afterwards, they grabbed some refreshing popsicles to beat the summer heat and headed into the zoo for a fun zoo-wide scavenger hunt! From the Polar Bear Passage to the African Plains, they explored it all (and laughed the whole way). What an awesome outing filled with fun, friendship and 4-H spirit!
