Food Fare

By: Brooklyn Walters, Johnson County 4-H Dog Club Reporter

March 6th was the annual Johnson County 4-H food fare. This is one of the dog club's favorite activities that we look forward to every year. The theme this year was Around the World and our club got the country of Canada. We dressed in flannel shirts and decorated our table with the Canadian flag. Our backdrop was the Canadian flag and a poster with dogs surrounded with maple leaves. Some of the food we served was maple syrup pie, poutine (fries topped with cheese curds and covered in brown gravy), bacon wrapped smokies, blueberries and salad. It was really fun to go around to each club's table and try the food from each country.

Morning Glory Updates

By: Bennie Schneider, Morning Glory 4-H Club Reporter

For the month of December, our Morning Glory 4-H Club helped spread cheer in our community in different ways. First, we rang the bell for the Salvation Army to help raise money for people in need. It was fun to see people and know we were helping others. We also adopted a family with four kids through our local Rotary Club. We helped collect gifts so they could have a nice Christmas. It felt really good to help another family. At the end, we had a Christmas party together as a club. We had fun, spent time with our friends, and celebrated the season. Overall, it was a great way to give back and remember what Christmas is really about.

At our January Morning Glory 4-H meeting, we listened to Mrs. Hogan talk about emergency medical procedures. She taught us what to do in case of an emergency, and it was very interesting and helpful. At the end of the meeting, we had a paper snowball fight. It was super fun and a great way to end the night. Overall, it was an awesome meeting, and I had a lot of fun!

At our February 4-H meeting, we did something really fun that we do every year. The parents and kids switched places, and the parents ran the meeting. It was funny to watch and everyone had a great time! Josiah L., Titus L. and Jack H. practiced their speeches they will

Reporter's Corner

present at county club days. They did a great job! Others practiced the group skit "Two Crazy Pigs" we plan to present for county club days, and it was good to get the practice in.

Such a silly skit. At the end of the meeting, we brought desserts to share and talked about our goals for the upcoming county fair. It was fun to hear what everyone is excited about. Overall, we had a lot of fun at this meeting!

Morning Glory's March 4-H meeting, started with an awesome educational tour at Kubota in Edgerton, Kansas. It was really cool to see and learn new things about the machines and way things work in the warehouse we toured. After that, we headed back to have our meeting. There we heard a project talk from Carissa R. about her sheep. She did a great job

and it was interesting to learn about her project. Then our county council representative, Gabby S., told us about a project the county was doing. They are gathering homemade cards for people who are currently in local hospitals and nursing homes. During recreation time, we got a head start on making the cards. It was fun and felt

really good to do something nice for others. Overall, it was a fun meeting and we learned a lot while also helping others!
