Great Plains 4-H Kicks Off the Year with Food, Fun, and Friendship

By Bella Yeung, Great Plains 4-H Club Reporter

To kick off the 4-H year the Great Plains club met up at Black Hoof Park for a potluck dinner, which everyone brought sides to share! After dinner, the meeting was called to order and our club leaders led the Officer Installation with a fun theme centered around the offices in trail mix ingredients! In the end we had a scrumptious trail mix snack to have during the meeting. Following the official business meeting, the fun continued around the campfire. Members made s'mores, played games, and caught up with friends — a perfect way to begin another exciting year in 4-H!

Happy New Year

By Nathan Delancy, Happy Helpers 4-H Club Reporter

October is the start of the new 4-H year. Everything has a fresh look to it: new opportunities, new goals, and new chances to use things that have been learned. What better way to kick off the new year, than with a celebration of 4-H during National 4-H Week and National 4-H 48 Hours of Service?

National 4-H Week is celebrated the first full week of October. The Happy Helpers 4-H Club set up a week-long display at Stroman Tire & Auto in Olathe. Many different project areas were represented in the display including: Civic Engagement, Entomology, Fiber Arts, Foods & Nutrition, Self-Determined, Sewing & Textile Design, STEM, Photography, Poultry, Visual Arts, Woodworking, and others. Even the Cloverbuds were represented.

National 4-H 48 Hours of Service is always held in conjunction with National 4-H Week. Using the skills learned through 4-H involvement to make a difference in the community is an important aspect of being a 4-H member. This year, for National 4-H 48 Hours of Service, the Happy Helpers 4-H Club volunteered to deep clean tables at the church where they hold their monthly meetings. The club had fun working together to make a bright and shiny difference for many different groups who use the facility.
